

Boss Info

company profile

Boss Info is a leading Microsoft Dynamics partner and IT service provider in Switzerland. As one of the first resellers in Switzerland, our staff has unparalleled depth in product knowledge, long-proven implementation methodologies, and unique access to the required resources within Microsoft.

Boss Info's experience with Microsoft Dynamics goes back to 1998 when the company refocused to turn into a Business Solution Center. Along the years, the company grew through acquisitions and built up valuable knowledge in IT and business consulting and project management. Today, Boss Info is employing 100 professionals and has six offices in the German and French speaking parts of Switzerland (Farnern BE, Bern-Schonbuhl BE, Horw LU, Puidoux VD, Sursee LU and Zurich ZH).

Boss Info is the "Number-two-Microsoft-Dynamics-provider" in Switzerland with a highly experienced team of Microsoft certified professionals. Boss Info earned the status of Microsoft Gold Certified Partner, was appointed to the title of "Microsoft Swiss Partner of the Year 2008" and is ranked among the top-five-percent of all Microsoft Dynamics partners worldwide.

Boss Info is focusing on manufacturing companies, on professional services as well as on trade and logistics. As a certified Partner for the Microsoft Dynamics vertical solution "Fullscope Process Industries" we have in-depth knowledge and best practice in the branches food, life science and the chemical industry.

With Boss Info you can be assured that you are working with certified professionals committed to help clients realizing their full potential. The Boss Info team is uniquely qualified to handle the complete solution implementation of Microsoft Dynamics, backed up with networking and software development expertise.

With over 300 Dynamics implementations, Boss Info has the expertise, skills, and ability to implement powerful and high quality business solutions on time and on budget with delivered solutions that address the business needs of local and international clients.

Boss Info is a Microsoft, Citrix, Brainware and Hewlett-Packard Partner and is providing all-inclusive services and solutions such as Microsoft Backoffice (Windows, SQL, Hyper-V, Exchange, Sharepoint, etc.), Citrix Solutions, Columbus Software- and Client-Management-Systems as well as IT-Infrastructure (Network, Server, Cluster Systems, Clients, Printers, Firewalls, etc.).
